Adjustable Temperature Switch

Stock fewer switches with this all-in-one beauty.

Part Thread

HTC1C200R/ADJ 1/2"

HTC2C200R/ADJ 3/8"

Adjust it to trip from 160° to 240°F, and you can use it as a Normally Open or Normally Closed switch. One switch can cover dozens of settings.

Stumped On a Switch?

The beauty of Nason is that they offer an enormous range of vacuum, temperature and pressure switches. Call and we'll walk you through the hundreds of options to get exactly what you need.

NASON

For more than half a century, we've been the best source around for operator information comfort, control and safety.

5 signs you bought a lemon

1. The dealer's policy is "One easy payment."
2. You double its value by filling the gas tank.
3. The odometer has 4 digits.
4. Hitchhikers lower their thumbs.
5. You can't start it without opening the hood.
